Denise,

Attached are WD's comments on the draft F.R. notice soliciting SAB panel members to review the Connectivity Synthesis.

As you probably saw in the email traffic on this, Nancy has reviewed the FRN and indicated that OW could provide comments by tomorrow with the goal of moving this to the SAB as soon as possible, perhaps next week if possible.

Could you please review this and provide our final comments to Travis by tomorrow COB?

I'm copying Travis so that he can get a preview of our comments.

Thank you very much,

Rachel

Rachel -

Please forward these comments on to Denise, copy to Travis so he can get a preview, letting her know we

need to convey final OWOW comments tomorrow.

I've reviewed and agree with all - only suggest on p. 4 we suggest "recent" say "...recent (past 3 or 5 years, whichever you feel more appropriate)..."

I think in terms of grants and contracts received, either 3 or 5 years reflect recent in terms of who has supported the scientists work financially.

Thanks - your edits are valuable/more precise statements for the FR.

Dave,

Attached are my comments on the F.R. as well as Donna's. Russ has also reviewed and has no comments. If you have comments, I'd be happy to incorporate them into this document.

Under Travis' suggested timeline, Denise needs to provide OWOW's comments to OW no later than Tuesday, sooner is probably better.

Let me know if you have any questions, comments, or if this is ready to be sent forward to Tanya and Denise.

Thanks,
Rachel
